Please don't die on me  
 Asake no, you can't leave me this way  
 FREEZE!!!! Your hands on your head immediately,  
 Your hands on your head I say...

Sir it was an accident, believe me...  
 By my pleas fell on deaf ears  
 As my head was smashed to the car screen,  
 Forced to the station, I wept in tears.

And so that was it,  
 My love fairy tale came to an end  
 Charged with an offence I didn't commit,  
 Love has condemned me to death!!!

Sentenced to life imprisonment,  
 The kirikiri I once heard about, now becomes where I walk about  
 This wasn't what I proposed as love's treatment  
 And to my fate, love has shut her mouth.

This wasn't the dream we had  
 Neither is it what we planned for  
 And now pain engulf my heart  
 But yet, you I long for.

I'll kiss the sky goodbye  
 Just to see you one more time.
